

GREENHOUSE CLIPS

With its range of clips, ARaymond offers value-added fastening solutions for greenhouse cultures, able to optimize labor costs, culture yield and profitability.

CUCUMBERS

EASY CLIP < 14 mm

ERGO CLIP < 14,5 mm

TOMATOES and PEPPERS

CLASSIC CLIP < 21 mm

EASY CLIP < 23 mm

TOMATOES

EASY CLIP < 26 mm

BENEFITS

-))) Quick and easy to install with precise and robust clipping.
-))) Reassuring thanks to its audible "click" on assemble confirming the clip is locked.
-))) Accurate stem guidance thanks to robust hinge and latch connector.
-))) Protective with air-holes preventing Botrytis and rounded edges to reduce plant damage.
-))) Compostable versions available.

EASY CLIP

- **Optimized design**, allowing better packaging conditions to decrease the freight costs
- **Easy positioning**, with its hinge designed with twine guide
- **Strong locker**, the audible "click" confirms the clip is closed when in place

ERGO CLIP

- **Ergonomic** with its closing using only two fingers and its V shape hinge for easier positioning
- **Reinforced latch connector** and hinge with extra grips combined with double locking claws
- **Enhanced rounded edges** to prevent plant damages

CLASSIC CLIP

- **Air circulation facilitated** due to its large air-holes
- **Robust hinge** with extra grips
- **Bio-compostable** version available

All clips are compatible with plastic twines from 900 to 1500 m/kg (for polypropylene clips), and ARaymond 550 m/kg cotton twine and 800 m/kg bio twine (for biodegradable clips).
